EXAMINER'S AMENDMENT

Terminal Disclaimer

The terminal disclaimer filed on 11/12/09 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 7,404,775 has been reviewed and is accepted. The terminal disclaimer has been recorded.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Chad E. Kleinheksel on November 12, 2009.

The application has been amended as follows:

Claims 1-53 have been canceled in their entirety.

Reasons for Allowance

The prior art does not show or suggest a hollow lacrosse stick shaft having an octagonal cross sectional shape and wherein said shaft has a longitudinal axis, the center line dividing the hollow tube into opposing first and second portions wherein the wall thickness of at least one of said sides and said corners in the first portion is greater

Art Unit: 3711

than the wall thickness of at least one of said sides and said comers in the second portion, such that the difference in wall thickness provides said hollow tube with an asymmetrical weight distribution about said centerline that provides feedback to the user of the lacrosse stick as to the orientation of the hollow tube, and thus the lacrosse head, in the user's hands in addition to the other elements of the structure claimed.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mike Chambers whose telephone number is 571-272-4407. The examiner can normally be reached on Mon-Fri 8:30-5:00.
